Subject:	Conference Call information for EXPLO Call today

Apologies for the delay, once I accepted the request the actual invitation disappeared and only appeared in my Lotus Calendar. I had to cut and copy the details. Please let me know if you have any questions prior to the meeting. The attendees from DOD include Larry Gibbs (US Army Demil), Contracts staff, and attorneys. The purpose of the call is to get some additional information from EPA about the meeting we requested for 1/23 and to ask a few questions about our work on the EXPLO site to this point.

Shouldn't be anything major, just clarifying a few things for people I haven't spoken with directly. THANKS!

When: Friday, January 11, 2013 1:00 PM-3:00 PM (UTC-06:00) Central Time (US & Canada).

Where: Building 60, 3rd floor, room 313 (John's office)

Note: The GMT offset above does not reflect daylight saving time adjustments.
